

RUBBISH AWAY

Environment, Health & Safety & Quality Policy Statement

Purpose

The purpose of the Environment, Health & Safety and Quality Policy is to publicly affirm Rubbish Away's commitment, to environmental protection, prevention of injury and promotion of good health and quality management.

Scope

All Rubbish Away owned, managed or controlled operations share responsibility to advance the principles of this Environment, Health & Safety & Quality Policy.

Policy

Rubbish Away is committed to protecting human health, the environment and prevention of pollution. Rubbish Away is committed to providing superior services and solutions in conformance with contractual and regulatory requirements that meet our customer's needs. These commitments are a keystone of all that we do, reflected in the services we provide to customers, the management of our operations, the conditions under which our employees work and our interactions with the communities where we conduct business in.

The following principles are applicable to Rubbish Away operations:

- We will conduct our operations in a manner that strives to protect the environment, health & safety and exceed the quality expectations of our employees, neighbours and customers.
- We will comply with relevant and applicable legal and other requirements to which the business subscribes to and will proactively implement programs and procedures to promote compliance.
- We will support conservation of nature and the earth's energy resources.
- All Rubbish Away employees are encouraged to help the business identify possible environmental, health & safety and quality issues in order to continually improve the effectiveness of the management systems.
- We will strive to meet the customer's needs in all these key areas without compromising safety, skills, morale or ethics of our employees.

In accordance with our Management System requirements, the environment, health & safety, quality performance, objectives and targets will be reviewed periodically to assess progress toward continual improvement. The policy statement will be made available to the public and communicated to all persons working for or on behalf of Rubbish Away.
